

Prepare for Risk
Management

```
graph LR; A["Prepare for Risk Management"] --> B["Identify and Analyze Risks"]; B --> C["Mitigate Risks"]; style A fill:#fff,stroke:#8B4513,stroke-width:2px; style B fill:#fff,stroke:#8B4513,stroke-width:2px; style C fill:#fff,stroke:#8B4513,stroke-width:2px;
```

The diagram illustrates a three-step process for risk management. It begins with 'Prepare for Risk Management', which leads to 'Identify and Analyze Risks'. This step then leads to 'Mitigate Risks'. Each step is contained within a white rectangular box with a brown border. The text in each box is underlined. The steps are connected by curved arrows: one from the top-left box to the bottom-center box, and another from the bottom-center box to the top-right box.
