11/7/23

Thomas Price moved into Clowm Care 10/6/23 from Westchester Village where he received Rehab services. When he was admitted to Clowm Care he had just started Sulfamethoxazole trimethoprim on 10/2/23 and changed from Cephalexim which was started on 9/28/23. Thomas was noted by staff on 10/19 with increased confusion and agitation and it continued and escalated on 10/23 a UA was obtained and macrobid 100 mg 2x day x 7 days was started 10/24/23. 10/26/23 the C+S shows infection is sensitive to macrobid. On 10/31/23 Resident was very confused, noted agitation and sustained a fall. His confusion continued for several days 11/3 a UA was obtained and Thomas was started on Cipro. Cipro was started on 11/5/23. Thomas was taken off Cipro 11/6/23 as C+S came back no noted infection. Melanie Kloum Operator.
